

BUSY, HARD-WORKED MEN AND WOMEN

Will find that the Sarsaparilla, pepin, and iron treatment comprised in Hood's Sarsaparilla and Pepton will give brain and nerve force, relieve the nervous strain incident to "too much to do in too little time," characteristic of life today.

These blood and nerve medicines seem to lift the nervous and overworked into new life, enabling them to accomplish easily the things that have fretted them and have seemed to bring them to a standstill.

Hood's Sarsaparilla and Pepton are very effectively supplemented by Hood's Tonic, in cases where a laxative is needed. These three preparations are all sold by your druggist. Get them today.—(Adv.)

A FREE TONIC

Everybody needs iron. It builds you up; helps complexion, blood, appetite, digestion. A few drops in milk or soft drinks is fine for you. Many local fountains serve it. Ask for some "A-I-M" in your drink. It costs nothing extra.

EVER TRY THIS?

For the nerves, complexion, blood and appetite, did you ever have them put a few drops of iron in your "dope" instead of ammonia or li. e? Everybody needs iron. It builds you up. Many fountains gladly serve it. Ask for "A-I-M" in your drink. It costs nothing extra.

IRON IN YOUR SODAS

Highly concentrated medicinal iron under the 30-year famous "A-I-M" trademark of quality, is a wonderful tonic. They gladly put a few drops in your milk or soft drink at many fountains instead of lime or ammonia. Ask for it. Everybody needs iron. It builds you up.

PUTS "PEP" IN YOUR DOPE

Watch how your appetite and system builds up when you start having a few drops of iron put in every soft drink. Many fountains gladly serve it instead of lime or ammonia. Tell the boy to put a drop or two of "A-I-M" in yours. Everybody needs iron. It helps appetite, blood, complexion. Costs you nothing extra.

TRY IT IN YOUR DOPE

Instead of lime or ammonia, let the boy put some new and tissue building iron in your drink. Costs nothing extra. Everybody needs iron. Its quality and strength is guaranteed by the 30-year famous "A-I-M" trademark of one of the largest Chemical Corporations. Absolutely harmless.

TRY IRON IN YOURS

Everybody knows iron helps appetite, nerves, blood and complexion. Why not have the boy shake a drop or two in your soft drink instead of lime or ammonia? Try it. It builds you up. Many fountains gladly serve it now.

SODA FOUNTAINS SERVE IT

Iron helps a person's appetite, nerves, blood and complexion. Drives out the uric acid. It builds you up. Many fountains without extra charge gladly put a drop or two of iron in your soft drink. Tell the boy to put some "A-I-M" iron in yours.

HERE'S A NEW ONE

Many soda fountains gladly put a drop or two of "A-I-M" in milk or soft drinks if you ask. "A-I-M" is a highly concentrated natural iron compound, non-injurious. Ever body needs iron. Try it in your dope, a few days. Watch your appetite and "pep" increase. It builds you up.—(Adv.)

NEW MANAGER TAKES CONTROL

Matthews I. & S. Co. and Dayton C. & I. Co. Under Same Management.

(Special to The News.)
Dayton, Feb. 4.—C. P. Ludwig, of the Matthews Iron and Steel company, which plant has just merged with the Dayton Coal and Iron company, has arrived here to assume active management of the rehabilitation of this furnace. Mr. Ludwig informed our correspondent that pig iron will soon be stacked in Dayton again. The abandoned coke oven plant here will be put in order and enlarged and made to furnish coke for all the merged corporations.

THREE MORE VICTIMS OF PNEUMONIA REPORTED

Macon, Ga., Feb. 4.—The base hospital at Camp Wheeler last night reported the deaths from pneumonia of three soldiers attached to the Thirty-first national guard division. The deaths occurred during the last twenty-four hours.

MUST DRESS ACCORDING TO REGULATIONS

Disregard of Rules Brings Forth Drastic Memorandum at Camp Sevier.

Camp Sevier, Greenville, S. C., Feb. 4.—All officers and enlisted men of the Thirty-first division will be required hereafter to be dressed in accordance with the army regulations, according to a memorandum issued at division headquarters. A memorandum from the inspector-general of the army, and letters from the adjutant-general received at divisional headquarters called attention to the general laxness in the observance of uniform regulations, and so the order has been passed out that regulations must be followed. Many variations, some of which are extreme, in the various branches of service at Camp Sevier, have been noted, especially in the wearing of hats, hosiery, leggings, overcoats, shoes and other things. In few of these cases could the excuse be given that the regulation article was unavailable. Perhaps the most glaring disregard of regulation dress has been the hosiery that have been worn by enlisted men of the quartermaster corps, who have been wearing a bright yellow hosiery instead of the regulation buff. The bright-colored cord is often mistaken for the gold one worn by general officers, and for this reason the color has been especially obnoxious to the military authorities. The memorandum just issued sets forth certain articles of dress that are allowed by army regulations as follows:

(a) Hats.—Officers will provide themselves with uniform hats at once. Enlisted men will not be allowed to wear hats other than those issued by the quartermaster department. (b) Hosiery.—Silk and mercerized hosiery will not be worn by enlisted men. Those now in the hands of enlisted men will be disposed of at once. Hosiery bearing a strong resemblance to the cord prescribed for general officers are particularly objectionable, and will be discarded at once, whether they can be replaced by the quartermaster department or not. (c) Knitted Helmets, Mufflers and Wrists.—Knitted woolen helmets, mufflers and wrists of olive drab color may be worn when, in the opinion of the commanding officer, they are necessary.

SOLDIERS IN CAMP

The abrupt change from home comforts to camp life may be trying on your boy's health, but if he will only take the rich liquid-food in

SCOTT'S EMULSION

it will create richer blood to establish body-heat and fortify his lungs and throat. Thousands of soldiers all over the world take Scott's Emulsion. It is exactly what they need.

Scott & Borne, Bloomfield, N. J. 17-30

Grandma Talks About Babies

Has a large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any community there is a woman who knows Mother's Friend. Not only is she reminiscent of her own experience, but it was through her recommendation that so many expectant mothers derive the comfort and blessing of the famous remedy. Mother's Friend is an external application prepared especially for expectant mothers after the formula of a noted family physician. It certainly has a wonderful effect in relieving the tension brought about by expanding muscles, and is a most grateful encouragement to the woman awaiting motherhood. The action of Mother's Friend makes the muscles firm, pliant and responsive. When baby arrives they expand easily, and pain and danger at the crisis is naturally less.

Strain upon the nerves and ligaments is lessened and in place of a period of discomfort and consequent dread, it is a season of calm repose and happy anticipation. Mother's Friend enables the mother to preserve her health and natural grace and she remains a pretty mother by having avoided the pain and suffering which more often than otherwise accompanies such an occasion when nature is unaided. Write the Bradford Regulator Co., 3174 Lamar Bldg., Atlanta, Ga., for their "Motherhood Book," so valuable to expectant mothers, and by the way, do not by any chance fail to purchase a bottle of Mother's Friend from the druggist and thus fortify yourself against pain and discomfort. Mother's Friend should be applied night and morning with the utmost regularity.—(Adv.)

SPANS THE SEA WITH HER VOICE

Walls never were made to confine her voice nor geography to bound her musical influence. In Honolulu, from which Ellen Beach Yaw, American prima donna, has just returned, her voice was heard for four blocks above a chorus of 500 Hawaiians and orchestra accompaniment in an open-air holiday concert. She says the use of music to bind peoples has not begun to be realized.

ion of the immediate commanding officer concerned, climatic conditions and lack of other sufficiently warm clothing make it necessary. But when the knit helmet is authorized to be worn, the uniform hat will in every case be worn, in addition to the woolen helmet. Woolen helmets and mufflers of other than olive drab are absolutely prohibited.

The wearing of the knitted helmet, mufflers and wrists is particularly applicable, when necessary or advisable, in the case of the guard when driving of wagons, trucks, automobiles, etc., prisoners at work, fatigue details, working parties and by commands on practice or other marches. At formal ceremonies none of these articles of clothing will be worn.

(d) Sweaters.—Sweaters will not be worn as outer garments. There is no objection to sweaters, especially those of olive drab material, being worn under the shirt or blouse.

(e) Officers will wear shoes and leggings that conform in general style to the regulation pattern. Enlisted men will not be permitted to wear shoes other than those issued by the quartermaster department, except in emergencies, when such shoes are available for issue. The organization commander will determine when such emergencies exist. In such cases, enlisted men may be permitted to purchase shoes closely resembling the uniform pattern. High top shoes and trench boots will not be worn by enlisted men.

(f) Leggings.—Leather leggings of any pattern are not authorized for wear by enlisted men. Organization commanders will require all enlisted men of their commands to wear uniform leggings as soon as they are obtained for issue.

(g) Overcoats and Raincoats.—The coat prescribed for chauffeurs will not be worn by other enlisted men or by officers. Officers will provide themselves with overcoats and raincoats which conform to the pattern described in uniform regulations. Enlisted men, with the exception noted above, will wear only the overcoats, slippers and ponchos issued by the quartermaster department.

RED GUARD INSTITUTES CAMPAIGN OF MURDER

Thirty Bodies in City Morgue of Helmsing—Finland's Gold Reserve Remains Safe.

Stockholm, Feb. 4.—The red guard and its Russian helpers are reported to be murdering and plundering in Helsinki. Thirty bodies are in the city morgue. The Scandinavians in Helsinki are leaving the city. Two trains have already departed for a port where four Swedish steamers are awaiting the arrival of the refugees.

The report is to be safe in the hands of the government forces. A delegation of prominent Swedish editors held a meeting in Stockholm and later called on Prof. Eden, the Swedish premier, and Dr. Helmer, minister of foreign affairs, and declared their intention of aiding the forces of law in Finland in their struggle against anarchy and barbarism. The minister expressed sympathy for Finland, but said no official intervention could be expected.

The Svenska Dagbladet, in a leading article, openly advocates assistance for the troops of the Finnish government in the way of arms and munitions. An important group of Swedish left socialists, the country's sympathies are strongly with the Finnish government, but there is little sentiment in favor of active intervention.

UNITED STATES GENERALS RETURN FROM INSPECTION

Optimism Expressed as to Situation Abroad—Decline to Discuss Details of Visit.

An Atlantic Port, Feb. 4.—Maj. Gen. Thomas H. Barry and H. F. Hodges, of the United States army, who have been making a tour of inspection along the section of the French line held by American forces, returned yesterday on an American steamship. They expressed optimism regarding the general situation abroad, and said their mission had been an enlightening one, but declined further to discuss their visit.

Lord Eustace Percy, attache at the British embassy at Washington, was a passenger on the same vessel. He had been in England on a leave of absence.

CHARGED WITH HOLDING UP FATHERLAND TO RIDICULE

Artist Who Designed the Paper Money of the Denomination of Fifty Pfennigs Arrested.

Amsterdam, Feb. 4.—The artist who designed paper money of the denomination of fifty pfennigs, which is now being circulated in several rural towns of Prussia has been arrested at Nieberlahmstein, on the charge of holding up the fatherland to ridicule. His offense lay, according to the Maasbode of Rotterdam, in the ornamentation of the margin of the bill. After the money had been in circulation for some time it was discovered that the design of three turkeys, being circulated in several rural towns of Prussia has been arrested at Nieberlahmstein, on the charge of holding up the fatherland to ridicule. His offense lay, according to the Maasbode of Rotterdam, in the ornamentation of the margin of the bill. After the money had been in circulation for some time it was discovered that the design of three turkeys, being circulated in several rural towns of Prussia has been arrested at Nieberlahmstein, on the charge of holding up the fatherland to ridicule. His offense lay, according to the Maasbode of Rotterdam, in the ornamentation of the margin of the bill.

Children Cry FOR FLETCHER'S CASTORIA

GEN. KINGMAN'S SON IS WOUNDED

Shot by an American in France, Who Mistook Him for a Boche in the Dark.

Dispatches from the American army at a port in France states that five American soldiers have recently been killed by chance shells. Several have been wounded, but only one officer, Capt. Kingman, was shot in the chest at close range by an American soldier who mistook him for a boche in the night. Capt. Kingman was crawling over No Man's Land in the night reconnaissance and in the darkness an American soldier on the firing step of the trench thought he might be an enemy. Discovering his mistake the Sammie hurried out and helped carry the wounded officer in.

Capt. Kingman was educated at the University of Tennessee, and is the son of Gen. Daniel C. Kingman, who, several years ago, was in charge of the government work on the Tennessee river under federal appropriations. He made his home in this city while engaged in the government work and was well known here.

Another American soldier recently wounded was a sergeant from Winchester, Tenn. He was crawling in a shallow trench at daylight when he became exposed to the fire of an enemy sniper. The boche promptly plugged him in the shoulder.

"The shot bowled me over into a deep water-filled shell hole," the sergeant said from his cot in the hospital. "My captain pulled me out or I would have drowned."

"The minute I got out I reached for my pistol and found my right arm was helpless. Therefore I turned my belt around and grabbed the pistol with my left hand, and I was able to get a revenge shot at that sniper, but I couldn't discover him. I'm all right—I'll be back in the line soon."

ROADS DAMAGED BY SNOW AND FREEZES

(Special to The News.)
Fort Payne, Ala., Feb. 4.—The public roads in this country, on account of the recent snows and heavy rains, are in a worse condition than they have been in for many years, according to reports from the rural mail carriers who go out from the office at this place. For several days the mud and mire has been so deep that some of the carriers did not return to the local office until after midnight.

RECORD-BREAKING YEAR FOR PAYMENT OF POLL TAX

(Special to The News.)
Fort Payne, Ala., Feb. 4.—The tax collector of this county, and his assistants were kept busy the last few days of January writing poll tax receipts. This has been a record-breaking year for paying poll taxes, one man having paid poll tax for thirteen years, the amount being \$18.50.

DOGS OF DE KALB COUNTY ASSESSED FOR TAXES

(Special to The News.)
Fort Payne, Ala., Feb. 4.—More money has been assessed for taxes on dogs in DeKalb county for 1918 than in any previous year in the history of the county. The number of dogs assessed is 1,430.

RED CROSS CHAPTER GIVES BENEFIT ENTERTAINMENT

(Special to The News.)
Fort Payne, Ala., Feb. 4.—The Fort Payne Red Cross chapter gave an entertainment Friday night at the auditorium of the city school building to raise funds to be spent in Red Cross work. A neat sum was realized.

EX-PRESIDENT SPENDS DAY AT CAMP SHERIDAN

Judge Taft Makes Several Talks in Y. M. C. A. Huts to Soldiers of National Army.

Montgomery, Ala., Feb. 4.—Beginning with breakfast early Sunday morning, former-President Wm. H. Taft spent all day of Sunday in Camp Sheridan, visiting the Y. M. C. A. huts in the afternoon, after lunch, with headquarters in the evening he held an informal reception at "Y" No. 60, where he met hundreds of the Ohio officers and soldiers and other hundreds of civilians.

Judge Taft was taken over Camp Sheridan by Maj. Gen. Chas. G. Treat. In the Y. M. C. A. huts Judge Taft made several short talks, telling the soldiers of the great ideals for which they were fighting and impressing upon them that they, in camp here, are just as much in the war as though overseas and in the front-line trenches.

The massed bands of the division and a selected chorus furnished the music for the evening program. Judge Taft's address was a strong argument against a patched-up peace with Germany, and a scathing arraignment of the autocracy which the United States is today fighting to eliminate.

KRUPPS HAVE ACQUIRED CONTROL OF WOLFF BUREAU Also Organized Subsidiary Advertising Agency to Obtain Large Advertising Contracts.

London, Feb. 4.—The Krupps have acquired control of the Wolff bureau, the semi-official German news agency, an Exchange Telegraph dispatch from Zurich says. They were reported to have organized a subsidiary advertising agency with the purpose of obtaining control of all large advertising contracts which will be allotted, the dispatch says, "in accordance with German interests."

RAILROADS MAKE GOOD PROGRESS HAULING COAL

Sunday Ignored in Effort to Relieve Car Shortage and Clear Up Tracks.

Washington, Feb. 4.—Railroads yesterday made good progress in the hauling of coal, and both railroad and fuel administration officials were encouraged in the hope that today would be the last heaviest weather over most of the country, and the movement of a greater volume of coal today, provided the basis for belief that the order requiring suspension of industrial activity on future Mondays to save coal would be rescinded after a conference Tuesday between Fuel Administrator Garfield and Director-General McAdoo.

The railroads yesterday ignored the Sunday holiday in an effort to clear the rail lines to the coal mines, many

of which have been idle for a week on account of inability to get empty cars, or to have loaded cars hauled away. Production this week is expected to be considerably greater than last. Danger of floods still looms large, however, and the railroads will work hard early this week to accumulate small reserve stocks of coal at consumption centers in anticipation of later interruption of traffic by high waters and ice jams against bridges.

The railroad administration will not begin to lift the general freight embargo on eastern trunk lines, nor the local restrictions in effect elsewhere east of the Mississippi, until the coal movement improves considerably.

State fuel administrators are holding a conference today with Dr. Garfield on the general situation, and to report on the results of the headless Mondays and the five-day shutdown.

GERMAN COMMISSION HOUSES LOSE MONOPOLY ON SHIPPING

Embargo Placed on All Lighters Belonging to Germans, and Owners Interned.

San Juan del Sur, Nicaragua, Feb. 4.—German commission houses of Amapala, a Pacific port of Honduras, have been cut off from maritime shipping facilities. President Bertrand, of Honduras, has placed an embargo on all lighters belonging to Germans and has interned their owners in the interior of the republic. Thus ends a German trade monopoly in south Honduras which lasted for more than thirty years.

BIG FUND TO BE RAISED FOR FAMILIES OF SAILORS

Movement Headed by Edmund L. Baylies Will Create Fund of \$2,000,000.

New York, Feb. 4.—A relief fund of \$2,000,000 for the families of officers and men of the navy, who lose their lives in the war, will be raised by a volunteer committee of leading civilians headed by Edmund L. Baylies, of New York, according to an announcement last night by Rear-Admiral N. R. Usher, Commandant of the Third naval district.

The Naval Relief society, of which Rear-Admiral Charles O'Day is president, has accepted the offer of the committee, which will conduct the fund by public subscription throughout the country, particularly in the states along the seaboard. It will be known as the emergency war fund committee.

The Naval Relief society has carried on its work with funds raised among officers and their wives and from ships of the navy, without appeal to the public, but with the expansion of the navy to four times its size before the war, the responsibilities of the society have been correspondingly increased, a statement said.

MEASURES TAKEN TO PROTECT ART TREASURES

Paris, Feb. 4.—Measures have been taken by the authorities to protect the art treasures of Paris from air raids. The stained glass windows of the Saint Chapelle have been removed to the public, but with the expansion of the navy to four times its size before the war, the responsibilities of the society have been correspondingly increased, a statement said.

PNEUMONIA CAUSES FOUR MORE DEATHS

Montgomery, Ala., Feb. 4.—Four deaths from pneumonia were reported from the base hospital Sunday and the bodies were turned over to local undertakers to be prepared for shipment home. The deaths were as follows:

Corporal Eugene Cramblit, Jackson, O.
Private Dewey Sellers, Loudonville, O.
Private Marion Kline, Carpenter, O.
Private Jos. W. Hicks, Toledo, O.

DRASTIC MEASURES TO CHECK SPREAD OF SPINAL MENINGITIS

Schools, Churches, Motion Picture Houses and Public Places Closed by Health Authorities.

Columbia, S. C., Feb. 4.—Sweeping orders were issued by the city public health department last night closing the public schools, churches, motion picture houses and "public places" in an effort to prevent the spread of spinal meningitis. The order is effective this morning. Fifteen cases of meningitis are reported in the city and suburbs and a new case developed yesterday, according to city health officials.

The order does not affect Camp Jackson, it was said. Seven new cases of meningitis developed at the cantonment last week, but the general situation there was reported to be improving.

Coincident with the health authorities' announcement it was learned that Gov. and Mrs. Richard Manning had abandoned their plans for the annual reception Tuesday night to the members of the general assembly.

MAJ.-GEN. LEONARD WOOD LEAVES BED IN HOSPITAL

Distinguished United States Army Officer Recovers From Injury—Carries Arm in a Sling.

Paris, Feb. 4.—Maj.-Gen. Leonard Wood, U. S. A., who was wounded recently while on a visit to the French front, was able yesterday to leave his bed in the hospital here, where he is being treated. He received a number of visitors.

Gen. Wood's arm is in a sling. The wound is still painful, but he expects to leave the hospital this week.

Lieut. Col. Charles E. Kilbourne, chief of Gen. Wood's staff, who was wounded in the face, is to be brought to Paris from a hospital near the front. The attending surgeons report that they expect to save his right eye, which it was feared at first would be lost.

Maj. Kenyon A. Joyce, the third

Careless Use of Soap Spoils the Hair

Soap should be used very carefully. If you want to keep your hair looking its best, most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is just ordinary unsifted coconut oil (which is pure and grassless), and is better than the most expensive soap or anything else you can use.

RUSSIA'S "KRUPP" COMES TO UNCLE SAM'S RAIL SCHOOL

About the last thing in the world Russia seems to want today is guns. The cry for bread, meat and shoes has left the Russian "Krupps" without much to do. That is why Vladimir Barnovsky, son of Petrograd's famous cannon manufacturer and a brother-in-law of Kerensky, has turned to the study of American railroads to prepare himself for a part in the reconstruction of his country's transportation system. He is now in the United States on such a mission.

W. C. McElween, cashier of Bank of Hornbeck, Louisiana, says: "I have taken five (5) bottles of Tanlac and have gained fifteen pounds in three weeks. I think it is a great medicine. Tanlac is sold in Chattanooga exclusively by the Live & Let Live Drug Co.—(Adv.)"

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVES' signature on each box. 30c.—(Adv.)

GARIBOLDIAN VOLUNTEERS ENLIST WITH ENTHUSIASM

Men Will Be Allowed to Wear Red Shirts of Ancient Glory—Command Under Regular Officers.

Rome, Feb. 4.—Gariboldian volunteers are enlisting with great enthusiasm throughout Italy. They are young men to aged veterans who fought in the wars of independence under the great hero.

The government has permitted the formation of this body of volunteers, which will be commanded by Gen. Giuseppe Garibaldi. The officers have been chosen from the regular army. The men will be allowed to wear the red shirts of ancient glory. From all the Italian colonies abroad many applications for enlistment have been received.

GLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys; also to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, so we can readily understand the vital importance of keeping the kidneys active.

Dr. Pierce's Golden Medical Discovery is absolutely herbal, free from alcohol or dangerous habit-forming drugs. All druggists. Liquid or tablets.

At War With Yourself!

Keep up the fight; do not give up. Nature is trying to serve you in conquering the wrongs that may exist.

Red blood, vim, courage, vitality, all seem lacking. No wonder you are nervous and discouraged. Why not call to your aid a strong, dependable ally? Dr. Pierce's Golden Medical Discovery has for nearly fifty years proven its merits as a most powerful tonic and blood builder to the many thousands who have been returned to good health by its use.

Clear the coated tongue, get rid of unsightly skin trouble. Let this remarkable remedy rid your body of the impurities of the blood, let it tone and strengthen you. It often cures the lingering chronic cough.

Dr. Pierce's Golden Medical Discovery is absolutely herbal, free from alcohol or dangerous habit-forming drugs. All druggists. Liquid or tablets.

WOODFORD, TENN.—"This is to certify that I have used Doctor Pierce's Golden Medical Discovery for my two little boys. One had night sweats, poor appetite, scallow complexion, and had quit growing, but after giving him part of a bottle of the 'Discovery' he commenced to gain and grow. He doesn't have the night sweats and looks much better. My other little boy had scrofula and this medicine cured him after the doctor's medicine failed. I do not hesitate to recommend the 'Discovery' at all times."—Mrs. ROSA LEE HOGAN, Route 1.
